

ELECTRONIC BLUEPRINT is the principal point of reference and knowledge base for Architects, Engineers and Builders and the only package that fully integrates regulatory & standards requirements with comprehensive, editable specifications, CAD details and approved industry training.

## Affordable Housing Australasia – Index of Technical Papers

Click on the paper title to view.

Partner Housing Australasia (Building) Incorporated website [www.phab.org.au](http://www.phab.org.au)

### [Affordable Housing in Developing Countries](#)

This paper deals with Australian involvement in constructing affordable housing in developing countries.  
(PDF 197kb)

### [Termite Resistance in Affordable Housing](#)

This paper deals with termite resistance in affordable housing based on problems reported in Aceh.  
(PDF 156kb)

### [Affordable Housing Asia-Pacific Design Considerations](#)

This report suggests considerations for the design of Affordable Housing in the Asia-Pacific region. It draws heavily (although not entirely) on a Design and Construction Assessment carried out for Habitat for Humanity International (Asia – Pacific) in Thailand, Indonesia, Sri Lanka and India, in response to damage caused by the major tsunami of 26<sup>th</sup> December 2004.  
(PDF 2.53MB)

### [Partner Housing Australasia \(Building\) Incorporated - Asia Pacific Assistance Program](#)

Partner Housing offers “Design & Supervision” programs to other major NGOs (non-government organisations) that are undertaking “Disaster-Relief” housing and “Save & Build” housing programs” in developing countries. We offer to fund, train and monitor building supervisors in developing countries, whilst supplying them with professionally produced design and documentation for a range of housing.  
(PDF 68kb)

### [Partner Housing Australasia \(Building\) Incorporated – 2007 Asia Pacific Operations](#)

This lists the current Partner Housing “Design & Supervision” programs for “Disaster-Relief” housing and “Save & Build” housing programs” in developing countries.  
(PDF 198kb)

### [Partner Housing Australasia \(Building\) Incorporated - Republic of Kiribati Copra Shed](#)

This reference sets out engineering drawings and specifications for the construction of a copra storage building in the South-Pacific island republic.  
(PDF 530kb)

### [Partner Housing Australasia \(Building\) Incorporated – Chairman’s Report 2006](#)

Partner Housing Australasia (Building) Incorporated is a Christian ministry working with families, volunteers and donors to provide building services, financial assistance and nurture for the provision of affordable housing to those in need throughout Australia and beyond.

## **Training Package**

### **Affordable Housing: Asia-Pacific Region**

This training package provides guidance for the building of affordable housing in the Asia-Pacific Region. It is provided in ten modules and deals with:

- General Design Considerations
- Site safety
- Earthworks & drainage
- Concrete footings, slabs, columns and beams
- Retaining walls
- Septic waste disposal
- Masonry walls
- Roof framing
- Roofs

### **Affordable Housing: Asia-Pacific Region – General Design Considerations**

This module provides general design considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 1.5 MB)

### **Affordable Housing: Asia-Pacific Region – Site safety**

This module provides site safety considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 261 kb)

### **Affordable Housing: Asia-Pacific Region – Earthworks & Drainage**

This module provides earthworks & drainage considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 1.5 MB)

### **Affordable Housing: Asia-Pacific Region – Concrete footings, slabs, columns and beams**

This module provides concrete footings, slabs, columns and beams considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 3.3 MB)

### **Affordable Housing: Asia-Pacific Region – Retaining Walls**

This module provides retaining wall considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 1.1 MB)

### **Affordable Housing: Asia-Pacific Region – Septic waste disposal**

This module provides septic waste disposal considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 100 kb)

### **Affordable Housing: Asia-Pacific Region – Masonry Walls**

This module provides masonry wall considerations for building of affordable housing in the Asia Pacific region.

(PDF 1.34 MB)

### **Affordable Housing: Asia-Pacific Region – Roof Framing**

This module provides roof framing considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 187 kb)

### **Affordable Housing: Asia-Pacific Region – Roofs**

This module provides roof considerations for building of affordable housing in the Asia Pacific region.

(Powerpoint Slideshow .pps 187 kb)
